Evergreen Forest Cabins (\$195/night)

Situated on a secluded forested two acre property, our two well-appointed cabins provide luxury and comfort in a very quiet and very private rain forest surrounding.

Each cabin is located well away from each other for privacy, and provides the perfect setting for 2 adults.

Within walking distance of the beautiful Willowbrae and Halfmoon Bay trails and only minutes from the Pacific Rim National Park, Wild Pacific Trails and downtown Ucluelet, the cabins are a perfect spot to unwind and recharge after a busy day of beachcombing, hiking, kayaking, whale watching or any other of the many activities the West Coast has to offer.

Enjoy a good night's sleep in the Natures Rest king size bed draped in Egyptian cotton and luxury bedding.

Relax in your private hot tub on your Red Cedar post and beam deck or curl up in front of the wood burning fireplace after a meal prepared in the well appointed kitchen.

Newly constructed in August 2005, we built the cabins with an eye to detail, including the heated slate floors that greet your feet in the four piece bathroom that boasts a deep soaker tub big enough for two and a spacious walk in shower.

On top of all that the cabins have LCD TV's, satellite feed that includes digital music and a DVD/CD player for your use.

Whether a honeymoon, romantic getaway or just an excuse to leave the city and your cares behind, Evergreen Forest Cabins is the perfect spot.
