President's Message

Once again it has been a busy year for local government. AVICC and your Executive have been faced with many issues. Policing for small communities and rural areas is still an ongoing issue for our members, to address it, AVICC assisted in facilitating meetings with communities who are served by the RCMP. A follow-up meeting will be held in Courtenay. Changes to forestry regulations are also raising concerns and we are keeping a watch on their impact on communities. You will see from the resolutions submitted that there are a wide variety of topics to be discussed and debated.

AVICC and members of our communities along the right-of-way are still involved in seeking long-term, sustainable operation for the E&N Railway. The Regional Districts impacted by the E & N have formed a Foundation to continue working on maintaining rail service. I was pleased to be appointed as the representative to the Foundation on behalf of the Cowichan Valley Regional District. We are extremely pleased to announce that the First Nations along the E & N line are also part of the Foundation as full partners. A special meeting will be held at the conference in Courtenay to bring you up to date on the progress of the Foundation. A special notice advising you of the

Mayor Jack Peake
AVICC President

time and location will be sent out.

I know that Eydie has been working closely with staff from the City of Courtenay to ensure that you are provided with a full weekend, which allows you to learn, discuss topics, and network with your fellow delegates. AVICC Executive and staff would like to extend a special thanks to Susan Karvalics, Executive Assistant; Mayor Starr Winchester and staff from the City of Courtenay; and to the Courtenay Chamber of Commerce for their assistance.

The AVICC Executive and I look forward to seeing you at the upcoming convention in Courtenay. If you have not already registered I would urge to do so today. It is your involvement and debate that helps direct your association for the coming year. See you in Courtenay.

DIRECTIONS TO FILBERG CENTRE

When you exit the Highway 19 to enter Courtenay you will turn left at the intersection of 29th Street and Highway 19A – proceed along Highway 19A, past the Coast Westerly Hotel when the street becomes Cliffe Avenue. Follow Cliffe Avenue past the intersection at 5th Street for approximately 1 _ blocks and you will see the sign indicating public parking – turn right. This will take you to the upper level of parking at the Filberg Centre. If you are coming from the north of Courtenay or from Crown Isle Resorts follow Ryan Road across the old bridge and turn right into the lower level of parking at the Filberg Centre. There will be directional signs posted.

Concurrent Sessions

Saturday, April 2, 2005 1:45 p.m.

#1 – Paperless Agenda and it's Effective use for Local Government Officials presented by the District of Tofino and CivicInfo

The District of Tofino has been utilizing a paperless agenda package for over a year. This includes the creation and emailing of council agenda packages as PDF documents, the projection of the agenda packages to the public during meetings and the accessibility of the packages to the public on the District website. (They also send the daily mail to Mayor and Council, which aids in less paper and ease of filing and retrieving of the documents). Todd Pugh of CivicInfo will discuss some of the new information technology that is available for elected officials and how to use it effectively. This session will assist local government officials to use their time effectively and to cut down on the burden of paper they often find themselves buried under.

#2 – Seniors Housing and Support Service

The Union of British Columbia Municipalities will brief delegates on the Seniors Housing Initiative Program and its status. The workshop will provide an opportunity for:

- briefing delegates on the program and its status
- information sharing on a regional basis
- input and feedback from convention delegates

Saturday, April 2, 2005 3:00 p.m.

#3 – Regional District Toolkit

Director Susan Gimse, Chair of UBCM's Regional District Task Force, will discuss the development of a Regional District Toolkit – a set of materials and resources that can be used by regional districts and municipalities to improve the general understanding of regional districts and the roles and accountability of directors.

We would like to express our appreciation to Chair Jim Abram, Mayor Allison Habkirk and Sunshine Coast RD Administrator Doug Holmes for their work and participation in the RD Working Group that led up to the recommendations that now form a part of the Regional District Toolkit.

#4 – Local Government Service Satisfaction Surveys

Pulse Research Limited, together with the District of Campbell River, will make a presentation that will discuss the roles of local government satisfaction surveys as a decision-making tool for local governments. The presentation will consider the design, construction, implementation, analysis and reporting of a survey; its results; and how one local government has used the results generated.

The presentation will be divided into two components:

James MacPherson of Pulse Research will discuss survey design, implementation and reporting. Topics that will be considered includes: survey design and implementations questionnaire design, sample size and distribution, survey administration and analysis (frequencies, cross-tabs, correlations, test of significance, others).

As issues arise I try to focus on the resolutions based on the needs of community as a whole rather than "single issues". I also prefer dialogue rather than debate.

Councillor Nichola Wade District of Saanich

Nichola was first elected to the District of Central Saanich Council in 1996. Nichola is presently a member of Saanich Council where she was elected in a by-election in 2001.

Nichola's experience on two councils has broadened her perspective on local government issues. She believes there is real value in small community approaches - even when applied in larger communities and organizations. A mediator and negotiator by training, Nichola works in the Dispute Resolution Office of the Ministry of Attorney General.

Nichola was pleased to be appointed Director at Large to fill a vacancy on the AVICC Executive in 2002 and elected to the Executive in 2003 and again in 2004. She believes that AVICC regularly demonstrates good value to the members and if elected will work towards maximizing our voice and impact. Councillor Nichola Wade

Director at Large

Mayor Ken McRae City of Port Alberni

Ken McRae was selected as Mayor of the City of Port Alberni in September, 2001. He had previously served as Councillor for two years.

Ken began his working career with MacMillan Bloedel at the Plywood Mill in 1957. He then went to work for MacMillan Bloedel's Pulp and Paper Mill in 1962. For a brief 2 year period from 1964-1966 Ken worked in the construction industry in New Zealand before returning to Port Alberni and the Pulp and Paper Mill where he spent the rest of his career as a Millwright. He retired in 1998.

Mayor Ken McRae
City of Port Alberni

Second Vice President

Director Rod Sherrell Regional District of Mount

Director Rod Sherrell
Mount Waddington RD

Rod Sherrell has lived on Northern Vancouver Island for the past 27 years. He has been a teacher in SD. #85 during that time. During this period he lived in the communities of Coal Harbour, Port Hardy and presently resides on a 5 acre, twenty-two year project overlooking the Nimpkish River near the Town of Port McNeill.

Throughout his career Rod has held a number of leadership roles including

serving as President of his local on two separate occasions and as the North Island Councillor for the College of Teachers from 1990-1998. He has chaired several BCTF provincial Committees related to Teacher Personnel issues and Professional Ethics. In addition, he was elected and served two terms on the Board of CAPSLE, a national organization dedicated to the study of law related to education. He presently is a member of the BCTF/BCSTS Teacher Qualification Board.

Rod has been a member of the North Island Econauts dive club for past 25 years. He is the caretaker of a 1939 Monk-designed cedar plank/mahogany cabin cruiser, which from time to time explores the Broughton Archipelago. He was elected in 2002 to the position of Director, Area C, for the Regional District of Mount Waddington.

Rod sees the purpose of government as providing service to its citizens. It is the municipal level of government that is the primary vehicle for the delivery of those services. Given a federal government that ignores our province, and a provincial government that has abandoned the need of rural communities, municipal government provides the last opportunity to shape our future. He believes the wealth of this province comes from the rural communities and the cost of providing services to rural communities is more than offset by the benefits provided to the province at large.

Director at Large

Mayor Barry Janyk Town of Gibsons

Barry Janyk is a former Councillor and second term Mayor of the Town of Gibsons. Now on his fourth career, Barry was formerly a forestry contractor, and helicopter owner and licensed commercial operator.

Further to studies in mediation and negotiation, he has designed employment and natural resources diversification strategies for agencies and businesses throughout the province. He has been instrumental in working with other members of a professional team in developing and promoting the Smart Development agenda in the province. Recognized as one of the new breed of locally elected representatives, he challenges accepted development practices where they appear to conflict with common sense.
