PRESIDENT’S REPORT

On behalf of the AVICC Executive, I look forward to welcoming you to the 65th Annual General Meeting and Convention April 11-13 co-hosted this year by the Town of Qualicum Beach and the City of Parksville. As always, it will be a terrific opportunity for AVICC members to come together to debate resolutions, engage in discussion of issues, share best practices and socialize with their fellow members. Thank you to both the Town of Qualicum Beach and the City of Parksville, our host communities for 2014.

It has been a busy year for the Association. The following provides a brief summary of the work undertaken on behalf of members during the year.

REPRESENTING AVICC ON THE UBCM BOARD AND OTHER BOARDS
It has been my pleasure to serve on the UBCM Executive as AVICC’s representative. AVICC again benefitted from a second representative on the UBCM Board with AVICC’s Director-At-Large and City of Campbell River Councillor Claire Moglove serving a third term. I served on the Community Economic Development Committee and the Convention Committee, while Claire served on the Presidents Committee, the First Nations Relations Committee, and the Resolutions Committee. In the third year of a three-year term, I continued to represent AVICC members on the Municipal Insurance Association Board.

ACTIVITY AND ADVOCACY ON KEY FILES

Natural Gas Operating Agreement Renewal Process and BCUC Application for Common Rates and Amalgamation

On February 25, 2013 the BCUC denied the initial application submitted by Fortis BC for common rates and amalgamation. Fortis BC subsequently submitted an application for reconsideration to the BCUC, and once again, the AVICC registered as an Official Intervener in the BC Utilities Commission (BCUC) process (Fortis BC's Application for Reconsideration and Variance of Order G-26-13 in respect of Fortis BC Energy Utilities' Common Rates, Amalgamation and Rate Design Application).

On February 26, 2014 the BCUC released their decision on the Fortis application for reconsideration, overturning their original ruling, thereby approving the common rates, amalgamation and rate design application. The AVICC issued a news release alerting the membership to the decision. Natural Gas Rates on Vancouver Island will be reduced to match the rest of the province. This will result in a significant decrease in costs for Island energy users and will level the playing field with the rest of the province. The Association of Vancouver Island and Coastal Communities has strongly advocated for a return to equitable natural-gas rates that match with the rest of the Province for some time.

Over the coming year, the AVICC will also continue to work with Fortis and the Province of British Columbia on the development of standardized operating agreements and advocate for the return of legislation that will enable Vancouver Island municipalities to collect operating fees on natural gas similar to many other areas of the Province. A pro forma operating agreement (AVICC Model Operating Agreement), that includes provisions for operating fees to be collected should a local government wish to access them and should the Provincial government permit them, has been approved, and we expect the City of Nanaimo to be the first municipality to sign and complete the model review process with BCUC.

The final implementation of this long-term initiative is dependent upon new legislation to permit the payment of operating fees within the Vancouver Island Gas Pipeline service area. Timing of this legislation is crucial to the success of this endeavor as it is linked with both the approval of the AVICC Model Operating Agreement for Vancouver Island, introduction of operating fees via the new model agreement and the harmonization of Fortis natural gas rates across the province. AVICC President, Mayor Larry Cross, Past President, Chair Joe Stanhop and AVICC Staff Lead Paul Murray, District of Saanich attended a meeting on February 27th with Les MacLaren, Assistant Deputy Minister, Ministry of Energy, Mines and Natural Gas, and senior staff from the Ministry of Natural Gas Development to discuss the process that is required to allow for operating fees. Legislative changes
will be required and advocacy by local governments will be needed to ensure that the required changes are supported.

From AVICC’s perspective, it is critical this legislation be adopted this spring or the extensive work conducted to date to resolve this longstanding issue may be for naught.

Oil Spill Preparedness
The AVICC Executive received a delegation from Kinder Morgan at its October 2013 meeting in Victoria, where a presentation by Michael Davis (Senior Director, Marine Development, Trans Mountain Expansion Project) provided an overview of the current National Energy Board (NEB) application by Kinder Morgan Canada Inc. for the Proposed Trans Mountain Pipeline Expansion Project. Mr. David noted that the application was expected to be submitted to the NEB by December 2013. Executive also learned more about the Western Canadian Marine Response Corporation (WCMRC) who is responsible for spill response and coordination in Western Canada. The WCMRC can currently respond to 10,000 tonne spill, with a 72-hour response time. Kinder Morgan indicated they were waiting for the Federal Government (Tanker Safety Expert Panel) to release a spill response regime and planning standards “Canada’s Marine Oil Spill Preparedness and Response Regime on behalf of the Minister of Transport, Infrastructure and Communities”, which may alter standards and requirements for spill response. A provincial (BC) review of spill response is currently being undertaken.

AVICC Executive expressed their concerns to the Kinder Morgan delegation that: 72 hours is too long for spill response on the west coast. The delegation noted that the WCMRC can respond faster than 72-hours, but that time frame can be improved upon. Mr. Davis also noted that although it is the oil industry that pays for the spill response capacity in the country, it is a service that is utilized and available to many people and companies.

Mr. Davis noted that in Canada, liability and compensation for ship-source oil spill pollution are governed by the *Canada Shipping Act* and *Marine Liability Act*. Both acts reflect Canada’s commitment to international conventions administered by the International Maritime Organization (IMO), such as those regarding the International Oil Pollution Compensation (IOPC) Funds. Conventions limit the liability of the Responsible Party (ship owner) and establish sources of funding for clean up and compensation for damages. Up to $1.312 billion is available for an individual spill. Executive questioned whether that would be adequate coverage.

Tsunami Debris
In early 2013, the Government of Japan graciously presented a one-time grant for approximately $1 million to the Government of Canada to help clean up tsunami debris resulting from the 9.0 magnitude earthquake that struck Japan on March 11, 2011. On July 17, 2013 the AVICC wrote a letter to the Regional Director of Tsunami Debris, BC Ministry of Environment, regarding the transfer of funding for tsunami debris cleanup from Environment Canada to the BC Ministry of Environment, and the proposed development of procedures for local governments to access funding. The AVICC urged the Ministry to quickly develop and launch a funding application process, and also requested the Ministry to provide timely communication to local governments on the funding source. On August 14, 2013 the Ministry announced they were accepting applications for funding to help with tsunami debris cleanup. Funding will be available for the next two fiscal years to help with shoreline cleanup efforts and disposal of debris. A portion of the funding will be set aside to cover the possibility of large or potentially dangerous pieces of debris arriving on B.C.’s shores. 2014 is seen as the likely end of tsunami debris risk. Funding is not for ongoing marine debris issues.

Derelict Vessels
This issue continues to be on the forefront of AVICC priorities. Executive wrote Minister Thomson on June 26, 2013 Letter expressing concern that little progress has been made to date, proposed a UBCM clinic on the topic, and advised that we would be seeking a meeting with him during the UBCM Convention through one of our members. Islands Trust who has provided significant leadership on this file arranged for a meeting with Minister Thomson during the UBCM Convention. After the September 18th meeting, AVICC Executive wrote to Minister Thomson to thank him for: acknowledging that work on the provincial funding mechanism had stalled; for his commitment to bring the derelict vessel file back to a priority file within the Ministry and to continue to work collaboratively towards solutions; and his commitment to meet with the federal Minister of Transport to discuss this issue. At the 2013 UBCM Convention, Resolution B30 titled Derelict and Abandoned Vessels was considered by UBCM delegates and as expected was endorsed.
On Oct 2, 2013 the Ministry of Forests, Lands and Natural Resources completed a draft of their “Practical Manual for Addressing Problem Vessels and Floating Structures”, and requested that UBCM Members review and provide input on the draft manual. AVICC forwarded this request on to its membership as well.

**Conflict of Interest**

Effects of Schlenker v. Torgrimson Conflict of Interest Ruling – Executive has been in communication with the Minister of Community, Sport and Cultural Development in regard to this issue. Minister Bennett had advised that “the Ministry of Community, Sport and Cultural Development staff are actively monitoring the situation, gathering information and assessing the variety of legal views, reactions and practical effects in order to develop an appropriate provincial response.” In order to provide the Province with examples of how the decision has been affecting our members, members were requested to forward specific examples of issues that have arisen and the impact it has had on your local government including a name and contact information should additional information be requested. These examples were provided to Michelle Dann, Advisory Services on July 19 with a copy to UBCM. UBCM and LGMA cooperatively distributed a guidance document in late August.

**Aquaculture Management and Agreement**

The following members of the AVICC were appointed to DFO Aquaculture Management Advisory Committees (AMACs):

- **Finfish AMAC** - Jim Abram, Director, Area C and Vice-Chair, Strathcona RD
- **Shellfish AMAC** – William (Bill) Veenhof, Director, Area H Nanaimo RD

Initial meetings of the Committees were held in 2013, including; Shellfish - June 27, 2013 in Courtenay, and Finfish – September 25, 2013 in Vancouver.

**Contaminated Soil**

The resolution brought forward at the 2013 UBCM Convention – Contaminated Soil Facility - Threat to Drinking Water Watershed (B37) was passed as amended. Because of the time sensitivities in relation to the specific Waste Discharge Permit Application referenced in the resolution, the resolution had been communicated to the Minister of Environment in June, in advance of the UBCM Convention. On August 21, 2013, the Ministry of Environment issued a permit for South Island Aggregates(SIA)/Cobble Hill Holdings Ltd. to establish a soil remediation facility in the Shawnigan Lake Watershed.

On August 26 and September 16, 2013, respectively, the Shawnigan Residents Association (the “Association”) and the Cowichan Valley Regional District (the “Regional District”) filed separate appeals against the Director’s decision. In February 2014, the Environmental Appeal Board allowed soil dumping to begin on a limited basis. The Ministry of Environment granted the permit to store contaminated soil — much of it from Greater Victoria — in SIA’s quarry. The five-week appeal to be heard by the board began on March 3, reviewing the issuance of SIA’s permit.

**Genetically Engineered Plants and Animals**

Genetically Engineered Plants & Animal Resolution – To enable the resolution to be considered by the UBCM Convention, Executive submitted an amendment to the enactment clause of the Metchosin resolution endorsed at the 2013 AVICC AGM & Convention to broaden the geographic area. The amended resolution read:

THEREFORE BE IT RESOLVED that UBCM ask the British Columbia government to legislate the prohibition of importing, exporting and growing plants and seeds containing genetically engineered DNA, and raising GE animals within BC, and to declare, through legislation that the province of BC is a GE Free area in respect to all plant and animal species.

The resolution (B72) was endorsed at the 2013 UBCM Convention.

**BC Ferries**

After the Provincial Government’s announcement in November of 2013 that BC Ferries would be initiating a series of service reductions and rate increases, the AVICC Executive directed staff to identify a consultant who could undertake a socio-economic impact assessment. The UBCM and the AVICC subsequently struck the Special Committee on BC Ferries, to oversee the work of a consultant and to inform the joint activities of the UBCM and the AVICC on this file. The Special Committee on BC Ferries included representation from the Ferry
Advisory Committee Chairs, the Regional District Coastal Chairs, UBCM, AVICC and local government elected officials from member local governments who were active on this file. AVICC Executive members who sit on this committee include: President Larry Cross, Second Vice-President Barbara Price, Director at Large Claire Moglove, and Past President Joe Stanhope.

In early February an initial survey was undertaken by a consultant, with over 400 responses to the survey received within 4 days of it being launched. The purpose of the survey was to solicit feedback from individuals knowledgeable of the local economies on the vulnerability of specific economic sectors to reductions in ferry service. The consultant drafted a report on the results of the survey, and the Special Committee will be adding to that report with an analysis of specific data that reflects economic conditions sensitive to service reductions and rate increases in terminal communities. The report from the consultant, supplemented by the work of the Special Committee's data analysis will be brought to the membership of the AVICC at the 2014 AGM & Convention, where Executive will seek support from the membership to endorse the recommendations from the report in the form of a resolution. In addition, a special plenary session on BC Ferries has been scheduled for the 2014 AVICC AGM & Convention.

As AVICC President, I met with Dave Petryk, President and CEO of Tourism Vancouver Island early in 2014 where we discussed the impact of BC Ferries service reductions and rate increases on the tourism economy on the island.

Island Rail Passenger Service
AVICC has actively supported the work being undertaken by the Island Corridor Foundation over the years. To encourage VIA Rail to work with the Island Corridor Foundation and its rail operator Southern Railway of BC to come to an agreement to offer efficient passenger service on the island, President Cross wrote Marc Laliberte, VIA Rail's President and CEO August 14, 2013 Request to Via Rail.

The AVICC continues its advocacy work on the efforts to return passenger rail service to Vancouver Island, by supporting the work of the Island Corridor Foundation. On March 12th, AVICC wrote a letter to Premier Harper, requesting he lend his support to the Island Corridor Foundation in their bid to have VIA Rail provide the required Passenger Service Liability Insurance and the necessary repairs to the equipment under the Train Service Agreement.

The Rural BC Project
The AVICC Executive welcomed Rhona Martin, Director and member of the Southern Interior Mountain Pine Beetle Action Coalition for a presentation and session on the Rural BC Project. The Executive was interested in lending their support to this initiative, and have made a request to the Rural BC Steering Committee seeking AVICC representation on the Committee.

Agricultural Land Commission and Agricultural Land Reserve
Responding to media reports regarding potential changes to the Agricultural Land Commission (ALC) and the Agricultural Land Reserve (ALR) under the provincial government’s Core Review Process -- the AVICC wrote a letter to Minister Pimm and Minister Bennett affirming its support for an independent and intact ALC that is beyond political interference. In the letter we acknowledge reports of Minister Bennett’s comments that the ALC would not be dismantled under the Core Review Process, and would remain an independent agency.

Water Sustainability Act and Watershed Legislation
The membership of the AVICC, and other local governments in B.C. through the Union of BC Municipalities have voiced their concern over drinking water protection through watershed management on private managed forest lands through various resolutions. On November 6, 2013 the AVICC sent a letter to UBCM President, Director Rhona Martin requesting the UBCM strike a working group to discuss the need for changes to current and proposed watershed legislation that would adequately address the protection of local government drinking water supply through watershed management on private managed forest lands. In December of 2013, the AVICC drafted a submission to the Government of BC on the proposed Water Sustainability Act, highlighting the need for the Act to protect water systems that are sources of drinking water for communities, particularly if they cross though or are contained within private managed forest lands.
The AVICC proposed the Water Sustainability Act address the following:

- Make Water Sustainability Plans mandatory for private managed forest lands that fall within a watershed that has been identified as a source for a community drinking water system;
- Establish mandatory requirements to consult with the pertinent local government on Water Sustainability Plans when the area in question has been identified as a source for a community drinking water system;

**DIALOGUE WITH OTHER ORGANIZATIONS**

The regular Executive meeting also provides the opportunity to invite other organizations to meet with AVICC representatives. In addition to those noted above, delegations included:

- **Fortis BC** – The AVICC Executive received two delegations from Fortis BC to discuss the Fortis BC Application for Reconsideration through BCUC, and the pro-forma operating agreement.
- **Jared Wright, Director of Advocacy, UBCM** – Mr. Wright discussed the current initiatives underway that involve watershed management and legislation in B.C, including the Collaborative Governance Accord and the Water Sustainability Act.
- **Mr. Calvin Sandborn and Mr. Ethan Krindle, Environmental Law Centre** – provided an overview of the work of the University of Victoria’s Environmental Law Centre on home heating oil tank management on Vancouver Island. The presentation included an overview of current legislation and legal responsibilities with regards to oil spill cleanup from home oil tanks. Executive learned about a proposal from the Environmental Law Clinic to work with stakeholders to draft a project proposal that would recommend the establishment of an advisory committee, a proposed oil tank inventory, and also discussed the idea of establishing a public insurance fund to assist homeowners with reclamation activities associated with spills.
- **Minister Coralee Oakes, Ministry of Community, Sport and Cultural Development** – Minister Oakes met with the AVICC Executive to discuss the work of the Ministry on local government election reform in B.C. Executive were invited to provide feedback to the Minister on issues such as campaign finance rules and expense limits.

**AGM & CONVENTION**

**Reflecting Back on the 2013 Event in Sooke** - Sooke was the host community for the 64th AGM & Convention. The District of Sooke provided an exceptional overall Convention experience. Delegates were thrilled with the hospitality, the breathtaking scenery and atmosphere, and the generosity of the community. Once again we thank Mayor Wendle Milne and Council for hosting.

The 2013 Convention attracted 196 voting and 34 non-voting members with 36 others including life members, sponsors, exhibitors, MLA’s and MP’s, speakers and guests participating at various times. 80 partners/guests joined delegates. A total of 289 participants attended the Friday evening Welcome Reception held at the Prestige Oceanfront Resort and 216 attended the Annual Banquet held at the Grand Ballroom of the Prestige Oceanfront Resort. Overall the AGM & Convention received strong approval ratings with the well-deserved accolades to the local host community. Feedback received is being incorporated into the 2014 event.

**AVICC Annual Luncheon At The 2013 UBCM Convention** – 251 delegates attended the annual luncheon held September 18th in conjunction with the 2013 UBCM Convention in Victoria. The primary goal of the luncheon is to provide a networking opportunity for members during the UBCM Convention.

**Looking Forward to the 2014 Event in Qualicum Beach and Parksville** - As one Convention wraps up, work begins on the next. The host community for the 2014 AGM & Convention is the Town of Qualicum Beach and the City of Parksville. Mayor Chris Burger, Mayor Teunis Westbroek, City of Parksville Council, and the Town Of Qualicum Beach Council are thanked in advance for their generous hospitality. Among the highlights will be keynote speaker Deb Grey and a performance by Eddie and the Funk.
27 resolutions and 8 nominations for the 7 elected Executive positions were received prior to the February 24, 2014 deadline and are reported later in this report. Nominees’ biographies will be published in the Pre-Convention Newsletter that will be distributed electronically to members in late March. For full 2014 AGM & Convention details, please see www.avicc.ca.

Planning for Future Years’ AGM & Conventions
The following communities have been chosen as host communities for the next two years:
   2015 – Courtenay  
   2016 – Nanaimo

MEMBER VISITS
As was the case last year, I did not specifically undertake membership visits; however, work on behalf of the membership has provided a number of opportunities to connect with members including –trips to Nanaimo, one with the Island Corridor Foundation and the other with Fortis BC to discuss the model operating agreement.

MEMBERSHIP, FINANCIAL AND ADMINISTRATION
  • 100% membership has been maintained.
  • AVICC enjoys being in a solid financial position. As a result, Executive is pleased to report that there will not be a need to increase member dues this year.
  • AVICC is in the fifth year of a five-year Contract for Services with UBCM; the agreement expires January 2015.

COMMUNICATIONS
  • The 2013 AGM & Convention Minutes were transcribed and distributed in spring of 2013.

  • A number of circulars, member updates and news releases were prepared and distributed.
  • www.avicc.ca is maintained as the primary communication tool.

IN SUMMARY
Thank you for the honour of serving as your president this year. It has been a great experience that offers a sense of accomplishment in being able to provide advocacy on behalf of AVICC members on a number of key files.

Mayor Larry Cross  
President
SUMMARY OF THE 2013 RESOLUTION DISPOSITIONS

A total of 38 resolutions were submitted to the April 2013 AVICC AGM & Convention. 36 were endorsed; 1 was a Special Resolution to amend the AVICC Constitution & Bylaws; 1 was referred to UBCM Select Committee on Local Government Finance; and 1 was referred to another resolution. 34 resolutions were received prior to the deadline, 4 late resolutions were received and admitted for debate.

35 endorsed resolutions were submitted to UBCM by the June 30 deadline. Of the 35 AVICC endorsed resolutions submitted to UBCM, 30 were endorsed at UBCM, 3 were referred to other resolutions (all 3 of the referred resolutions were endorsed at UBCM), 2 resolutions were not endorsed, including; Regulations for Motorized Scooters, and Reducing Default Speed Limits for Municipal Roads.

In addition to the resolutions endorsed at the AVICC Convention, AVICC members brought an additional 14 resolutions directly to UBCM. The UBCM resolutions process urges members to submit resolutions first to Area Associations for consideration as endorsement by the Area Association offers sponsors the benefit of having greater support than one that is sent directly with only the support of an individual Council or Board. AVICC Executive seeks members’ cooperation in following this process. Of the 14 resolutions brought forward directly to UBCM by AVICC members, 10 resolutions were endorsed, 2 were not admitted for debate (Protection of Local Water Resources & Watershed Land, Parking Enforcement in Rural Areas), and 2 were not endorsed (Assessment of Wine & Cider, and Bare Trust Corporations).

All UBCM endorsed resolutions were conveyed to the relevant provincial and federal government department, or other organizations as appropriate. Most responses have now been received and have been communicated to the sponsors. They are also posted on [http://www.ubcm.ca](http://www.ubcm.ca) under the Resolutions tab.

ASSOCIATION OF
VANCOUVER ISLAND AND
COASTAL COMMUNITIES

Year ended December 31, 2013
INDEPENDENT AUDITORS' REPORT

To the Members of Association of Vancouver Island and Coastal Communities

Report on the Financial Statements

We have audited the accompanying financial statements of Association of Vancouver Island and Coastal Communities, which comprise the statement of financial position as at December 31, 2013, the statements of operations and changes in net assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management’s Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors’ Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity’s preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of Association of Vancouver Island and Coastal Communities as at December 31, 2013, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.
Report on Other Legal and Regulatory Requirements

As required by the Society Act (British Columbia), we report that, in our opinion, the accounting policies applied by the Association of Vancouver Island and Coastal Communities in preparing and presenting the financial statements in accordance with Canadian accounting standards for not-for-profit organizations have been applied on a basis consistent with that of the preceding year.

ASSOCIATION OF VANCOUVER ISLAND AND
COASTAL COMMUNITIES
Notes to Financial Statements
Year ended December 31, 2013

Nature of operations:

Association of Vancouver Island and Coastal Communities (the “Association”) is incorporated under
the Society Act (British Columbia) and is exempt from the requirement to pay income taxes. Its
purpose is to promote autonomy within local government and to advance the principles of local
government. The Association represents the various municipalities and regional districts of
Vancouver Island, Powell River and the Sunshine and Central Coasts.

1. Significant accounting policies:

These financial statements are prepared in accordance with Canadian Accounting Standards
for Not-For-Profit Organizations (“ASNPO”) in Part III of the CPA Canada Handbook. The
Association's significant accounting policies are as follows:

(a) Basis of presentation:

These financial statements present the financial position, results of operations and
changes in net assets of the Association and, as such, do not include all the assets,
liabilities, revenue and expenses of the members of the Association.

There is no provision in the accounts for income taxes as the activities of the Association
are conducted on a not-for-profit basis.

(b) Cash and cash equivalents:

Cash and cash equivalents are defined as cash and highly liquid investments consisting of
term deposits with original maturities at the date of purchase of three months or less.

(c) Revenue recognition:

The Association follows the deferral method of accounting for contributions. Restricted
contributions are recognized as revenue in the year in which the related expenses are
incurred. Unrestricted contributions are recognized as revenue when received or receivable if the amount received can be reasonably estimated and collection is
reasonably assured.

Annual meeting sponsorships, registration and exhibit revenues are recognized as
revenue when the conference takes place.

Association dues are recognized as revenue in the year they are earned and collection is
reasonably assured.
1. Significant accounting policies (continued):

(d) Contributed materials and services:

Due to the difficulty in determining fair value, contributed materials and services are not recognized in the financial statements.

(e) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Association has not elected to carry any such financial instruments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method (or effective interest rate method).

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the Association determines if there is a significant adverse change in the expected amount or timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the Association expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future year, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

(f) Capital assets:

In accordance with the ASNPO Handbook section 4431, "Tangible capital assets held by not-for-profit organizations" the Association has not capitalized any expenditures during the year. In 2013 there were no capital expenditures (2012 - $nil). Capital assets owned by the Association but which are not capitalized under this policy include furniture, computer hardware and software.
1. Significant accounting policies (continued):

   (g) Use of estimates:

   The preparation of financial statements in conformity with ASNPO requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates.

2. Cash and cash equivalents:

3. Deferred contributions:

4. Contractual commitments:

   The Association has a contract with the Union of British Columbia Municipalities for secretarial and office services. Payments under this contract in 2013 were $13,463 quarterly (2012 - $13,133). The amounts are subject to adjustment each January.

AVICC CONFERENCE RULES
AND
PROCEDURES FOR HANDLING RESOLUTIONS

GENERAL RULES

1. Sessions will begin and end promptly at the scheduled hours.

2. Delegates will use the floor microphones when speaking.

3. All elected officials of members attending the Annual Meeting of the Association shall be delegates entitled to participate in debates and to vote on any matter before the Meeting. [Bylaws s. 23] Other delegates shall not be entitled to the privilege of the floor unless authorized by the Meeting. Guest speakers may be permitted at the direction of the Executive.

4. At all business sessions of the Meeting, fifty-one delegates shall constitute a quorum. [Bylaws s. 16 (3)]

VOTING RULES

5. Only elected officials of members are entitled to vote. [Bylaws s. 23]

6. Voting on ordinary resolutions normally shall be by a show of hands (holding the voting card) and the Chair's decision as to whether a motion is won or lost is final unless, immediately upon the decision of the Chair being declared, ten or more voting delegates then present, by standing, demand a standing vote, whereupon the Chair shall again put the same question to the Meeting to be decided by a count of those standing in favour of and against the motion. In the event that the result of the standing vote is questioned by twenty-five or more voting delegates then present, or at any time in the discretion of the Chair, the Chair shall order that the matter before the Meeting be determined by ballot, and the result of such ballot shall be final.

7. Where voting is by ballot, scrutineers shall be appointed by the Chair to distribute the ballot, collect the same, and to count and report the vote.

8. In all cases, where the votes of delegates then present, including the vote of the Chair, are equal for and against a question, the question shall be negatived, and it shall be the duty of the Chair to so declare.

9. No vote by proxy shall be recognized or allowed [Bylaws s. 22(3)].

10. When voting by show of hands all delegates shall hold their voting card. In the case of a ballot, the voting card must be presented and initialed by the scrutineers before a ballot is issued.

RULES OF PROCEDURE

11. Robert's Rules of Order shall govern the proceedings of the Association, its Executive and Committees, so far as they may be applicable without coming into conflict with the Constitution or rules adopted by the Association. [Bylaws s.67]

12. The Presiding Officer shall enforce order and strict observance of the Constitution and Rules and Procedures. Subject to an appeal to the meeting sustained by a majority vote of delegates present, the Presiding Officer shall have the right to decide all questions of order and the Officer's rulings in this regard shall be final.
A delegate wishing to move, second or speak to a motion shall arise and address the Chair and shall wait until he or she is recognized before speaking. Delegates must announce their name, local government office and membership or other qualifications each time they rise to speak.

Delegates must confine their remarks to a maximum speaking period of three minutes; including the introducer of a motion.

No delegate may speak more than once on any one question unless and until all other delegates desiring to speak have been heard.

Any amendment and any motion to withdraw any resolution from consideration of the meeting or to refer the same to the Resolutions Committee, or to any other committee, and any motion affecting the resolution must be moved and seconded from the Meeting Floor.

Should discussion continue on any resolution for an undue length of time without reasonable agreement being reached, the resolution may be cleared from the floor by a favourable vote to refer the resolution to the Resolutions Committee for further consideration and report.

(Note: Because the time factor does not allow the Resolutions Committee to properly reconsider resolutions, a motion to refer to the Committee will only be accepted in the event adjournment is imminent and there are regular resolutions which have not been dealt with.)

HANDLING OF RESOLUTIONS
STEP-BY-STEP RULES

PRECEDENCE OF RESOLUTIONS

Resolutions shall be dealt with in numerical order. However, two or more similar resolutions, addressing the same subject matter may be dealt with by a single resolution. [i.e. Resolution #14 covers resolution #15 and #16 then only resolution #14 will be considered by the Meeting.]

Resolutions will be grouped into three sections:
Part 1 – Those resolutions referred to AVICC by UBCM.
Part 2 – Those resolutions received by the deadline.
- Section “A” – Those that feature new issues of interest to all members.
- Section “B” – Those that support existing UBCM policy including:
  - Previously considered and endorsed resolutions; or
  - Resolutions in keeping with the UBCM policy, including previously approved policy papers or other documents.
Part 3 – Resolutions received after the deadline

PROCEDURES FOR RESOLUTIONS PRINTED IN PART 1 AND PART 2, SECTION “A” OF THE RESOLUTIONS BOOK

The Chair will cause the title and the "enactment" clause of the resolution to be read.

The resolution will after reading be properly before the Meeting and will not require a mover or a seconder.

A spokesperson for the Resolutions Committee will then give the views of the Resolutions Committee together with any suggestions and reasons therefore.

The Chair shall then call on a delegate from the sponsoring member to introduce the resolution.

The sponsor is permitted three minutes to introduce the resolution.

The Chair will then call for discussion from the floor.
26. If there are not speakers opposed to the motion the Chair may call the question. Discussion shall proceed in accordance with the "Rules of Procedure" (steps 11 to 17) Delegates must confine their remarks to a maximum speaking period of three minutes. Voting on the resolution shall proceed in accordance with the "Voting Rules" (steps 5 to 10). Voting is on the resolution, NOT on the recommendation of the Resolutions Committee.

PROCEDURES FOR RESOLUTIONS CONTAINED IN PART 2, SECTION “B” OF THE RESOLUTIONS BOOK

27. After Part 2, Section “A” resolutions have been considered, Part 2, Section “B” resolutions will be entered for discussion with the approval of the Convention.

28. The Chair will introduce a motion to adopt the recommendations for Section “B” resolutions and move the endorsement of the resolutions as a block.

   i) A voting delegate who wishes to have a Part 2, Section “B” resolution entered for individual discussion shall, after being recognized by the Chair, put forward a motion to amend the recommendation of the Resolutions Committee to remove the resolution from the block and have the resolution entered for discussion.

   ii) If duly seconded, the Chair will ask for the endorsement of the Part 2, Section “B” block as amended – and such question shall require a three-quarters majority vote [Bylaws s. 21 (6)].

   iii) After the Part 2, Section “B” block has been considered, those resolutions removed for individual consideration will be entered for consideration.

PROCEDURES FOR LATE RESOLUTIONS

PART 3 – LATE RESOLUTIONS

Delegates will receive a *Supplementary Information Package* when they register onsite in Qualicum Beach that will contain the Resolutions Committee Report on Resolutions Received after the Deadline.
PART 1 – REFERRED RESOLUTIONS
The following are resolutions that were referred to the Association by UBCM.

RR1 PROTECTION OF LOCAL WATER RESOURCES & WATERSHED LAND

WHEREAS it is recognized that water is a public trust and the UBCM membership has consistently endorsed resolutions emphasizing protection and control of local water resources, and that adequate tools are required to enable local authorities to enact measures for protection of watersheds;

AND WHEREAS the provincial government has recently released further details concerning implementation of its commitment to modernize the Water Act, which includes a strategy to protect water flows for fish and the environment; regulate groundwater; improve governance; and promote conservation, in order to address issues of source water protection, industrial pollution and land-use changes:

THEREFORE BE IT RESOLVED that UBCM request the Ministry of Environment to proceed in its efforts to modernize the Water Act including full consultation with First Nations, to ensure that the new Water Sustainability Act establishes a strong enabling framework, in the context of provincial and federal oversight and regulatory backstop, that:

- increases the local role in key decisions affecting the health of watersheds;
- ensures protection for water for fish and the environment in the context of local conditions;
- regulates groundwater;
- promotes water conservation;
- recognizes First Nations Rights and Title; and
- establishes a meaningful role for local government, First Nations, and local watershed authorities regarding approvals and control.

UBCM comments:

This was submitted to UBCM in 2013 as a late resolution, but did not meet the criteria to be admitted for debate as an emergency resolution. In keeping with UBCM policy, the resolution has been forwarded to the Area Association for consideration as part of the 2014 resolutions cycle.

The UBCM membership endorsed resolution 2011-B96, which emphasized to the provincial government the importance of input and involvement of local government, and that it be “active and ongoing as the Water Sustainability Act is developed and new water management roles are created.”

In response to the resolution the provincial government referenced its ongoing engagement with local government throughout the Water Act modernization process. At that time, the Province indicated willingness to “take more time to further engage with British Columbians on draft legislation in 2012 before it is finalized,” including local government engagement.

In addition, UBCM notes that modernizing the Water Act was a key commitment made in the provincial government’s election platform. On September 6, 2013, the province issued an opinion editorial which reaffirmed the provincial governments commitment to introduce and pass new legislation in 2014. Specifically, the Honourable Mary Polak, Minister of Environment, noted in the opinion editorial that the Premier had directed the Minister to complete consultation on the WSA with the intention of passing new legislation in 2014. The Minister also reiterated the provincial commitment to regulate groundwater and engage with First Nations on the modernization of the Act.

RR2 PARKING ENFORCEMENT IN RURAL AREAS

WHEREAS the RCMP are responsible for enforcing parking regulations in rural areas;

AND WHEREAS the process required to ticket and/or tow parking offenders is time consuming and takes policing resources away from other priorities:

THEREFORE BE IT RESOLVED that regional districts be granted the authority to enforce parking regulations within their boundaries.

UBCM comments:

This was submitted to UBCM in 2013 as a late resolution, but did not meet the criteria to be admitted for debate as an emergency resolution. In keeping with UBCM policy, the resolution has been forwarded to the Area Association for consideration as part of the 2014 resolutions cycle.

The UBCM membership has not previously considered a resolution requesting that the provincial government amend the Local Government Act to grant regional districts the authority to enforce parking regulations.

However, members have endorsed a number of resolutions seeking to clarify or enhance the authority of regional districts in areas including but not limited to:

• authority to control weeds (2011-B92);
• natural area tax exemption (2011-B90);
• watershed control (2008-B35);
• controlled substance property bylaws (2008-B7, 2006-OF);
• Regional District Charter (2006-B47);
• authority to appoint approving officer (2006-A3); and
• taxation authority (2003-B66).
PART 2 – RESOLUTIONS RECEIVED BY THE DEADLINE

Part 2 - Section “A” – This section contains resolutions that feature new issues of interest to all members.

LEGISLATIVE

R1 Elected Officials Coverage Under作品

WHEREAS all duly elected Council and Regional Board Members are not considered workers or employers and are therefore not covered under the Workers Compensation Act in their capacity as elected officials;

AND WHEREAS the Personal Optional Protection Insurance is not available to elected officials;

THEREFORE BE IT RESOLVED that the Province of British Columbia review the Workers Compensation Act in consultation with local governments and make the necessary amendments to include all duly elected Council or Board Members in the definition of Worker.

COMMUNITY SAFETY

R2 Equal Standards Federal/Provincial Building Code作品

WHEREAS the Provincial Government building codes are to a higher standard than the Federal building codes;

AND WHEREAS there is concern this discrepancy can impact health and safety;

NOW THEREFORE BE IT RESOLVED that Association of Vancouver Island Coastal Communities request the Union of British Columbia Municipalities to work with the Federation of Canadian Municipalities to bring the federal building code to a standard which equals the provincial standards.

R3 Automatic Fire Sprinklers作品

WHEREAS fire kills 8 individuals in Canada every week, residential property fires account for 40% of all fires, and 73% of all fire deaths occur in residential properties;

AND WHEREAS automatic fire sprinkler technology exists, which is proven to be effective, reliable and affordable (approximately 94 cents per square foot for residential construction), that will virtually eliminate fire deaths in residential properties thereby enhancing the safety of first responders including firefighters, paramedics, police and the public;

NOW THEREFORE BE IT RESOLVED that the Association of Vancouver Island and Coastal Communities (AVICC) petition the Union of British Columbia Municipalities (UBCM) to request that the British Columbia Provincial Government enact legislation to:

a) Require automatic fire sprinklers be installed in every new occupancy where individuals will sleep through its 2015 BC Building Code; and

b) Require that all existing occupancies where individuals sleep (excluding residences owned by individuals) be retrofitted with automatic fire sprinklers by 2017.
WHEREAS the Fukushima Daiichi Nuclear Disaster occurred on March 11, 2011 resulting in the catastrophic failure of three nuclear reactors and associated fuel rod storage pools causing the release of significant amounts of radionuclide contamination into the atmospheric and marine environments. The owners of the Daiichi Facility (TEPCO) and the Japanese government, have not been able to contain the marine and atmospheric radionuclide contamination originating from the failed Fukushima Daiichi facility;

AND WHEREAS the 80% of British Columbians who live within 10 miles of the Pacific Ocean, as well as the wide variety of marine and coastal economic stakeholders who rely on ocean and coastal environments deserve to have access to detailed information regarding possible radionuclide contamination associated with the Fukushima Daiichi Nuclear Disaster.

THEREFORE BE IT RESOLVED that the Association of Vancouver Island and Coastal Communities support those British Columbians who are affected by the Fukushima Daiichi Nuclear Disaster by calling on the Province of British Columbia and the Government of Canada to immediately enact the following:

1. Convene a panel of institutional and citizen scientists to determine what type and frequency of marine and atmospheric monitoring is required to maintain clear understanding of the environmental impacts of the Fukushima Daiichi Nuclear Disaster on coastal British Columbia;
2. Determine the locations where a comprehensive network of marine and terrestrial sensors or other monitoring methodologies will be maintained;
3. Commission a website that would both list the raw findings of sensor and environment testing and interpret these data in a clear and transparent manner;
4. Open negotiations directly with the government of Japan regarding both the accelerated containment of radionuclide contamination, and full financial support of the cost of the Fukushima Daiichi Nuclear Disaster Monitoring Program on the west coast of BC and Canada.

WHEREAS the Federal government is phasing out medical marihuana licences under the Medical Marihuana Access Regulations on April 1, 2014 in favour of licencing much larger production facilities under the new Marihuana for Medical Purposes Regulations;

AND WHEREAS, due to privacy concerns, the federal government will not be releasing the locations of the licensed facilities being phased out thus making it impossible for local authorities to ensure that production at these facilities has ceased and the premises are properly remediated;

THEREFORE BE IT RESOLVED that the locational information on the medical marihuana licences under the Medical Marihuana Access Regulations be provided on a confidential basis to local governments in order to enable local authorities to ensure that production has ceased and the premises are properly remediated for health and safety reasons.

WHEREAS in the event of a major disaster, in particular a Cascadia Subduction Zone (CSZ) event (i.e., an earthquake with a magnitude 8 or greater followed by a subsequent tsunami) within BC’s southwest seismic activity zone, the system of mass casualty medical emergency preparedness in the province of BC is ineffective for high risk remote communities that do not have Vancouver Island Health Authority (VIHA) hospitals and clinics;
AND WHEREAS fast and wide reaching mass casualty medical strategies are necessary to save lives for communities that will potentially have no access to medical centres and/or hospitals due to catastrophic damage;

THEREFORE BE IT RESOLVED that the Union of British Columbia Municipalities and Federation of Canadian Municipalities urge the provincial and federal governments to establish a world-class Mass Casualty Medical Emergency Preparedness Plan for high risk communities in BC’s southwest seismic activity zone that do not have VIHA hospitals and clinics.

R7 ADEQUATE FUNDING TO SUPPORT POLICE BASED VICTIM SERVICES Alberni-Clayoquot RD

WHEREAS the Provincial Police Based Victim Services Program provides valuable support and referral services to victims of crime and trauma in BC communities;

AND WHEREAS the Provincial Government does not fully fund this program which is affecting the ability for community victim services programs to provide proper services to support our victims of crime.

NOW THEREFORE BE IT RESOLVED that the Association of Vancouver Island Coastal Communities lobby the Province of British Columbia to provide adequate funding to support the Police Based Victim Services Program.

ELECTIONS

R8 THREE YEAR LOCAL GOVERNMENT TERM Metchosin

Therefore be it resolved that UBCM work with the Province to retain three year terms.

TAXATION AND ASSESSMENT

R9 UTILITY BILL DEFERRAL Victoria

THEREFORE BE IT RESOLVED that UBCM request the Province of British Columbia to include municipal utility bills in the Tax Defebrment Program.

R10 CLASSIFICATION SPLIT ON ACCOMMODATION HOTELS Ucluelet

WHEREAS BC Assessment in 2007 introduced a new classification methodology that permitted “strata accommodation properties” to be split-classified between Class 6 and Class 1 – residential to reflect a dual use of these properties (personal residential and commercial use),
AND WHEREAS the re-assessment of certain properties, which continue to be zoned for commercial uses only, has significantly reduced the tax base of smaller tourist based communities throughout BC which planned in accordance to the proposed uses and commercial land base within their OCPs, tax and budget forecast;

THEREFORE BE IT RESOLVED that the Government of BC review its methodology for split classification in cases where the zoning precludes residential uses as a permitted use.

FINANCE

R11 VANCOUVER ISLAND REGIONAL LIBRARY INCREASED COSTS Alberni-Clayoquot RD

WHEREAS the Vancouver Island Regional Library provides important service valued by the local communities it serves;

AND WHEREAS the cost of Vancouver Island Regional Library services is increasing well beyond the rate of inflation on an annual basis – a rate that many local communities set for the cost increases of their own essential services;

R12 ENVIRONMENTAL ASSESSMENTS FOR COAL TRANSPORT Sunshine Coast RD

WHEREAS assessment studies provided to Port Metro Vancouver have not assessed the environmental or health impacts related to the release of coal dust during barge transfer and transport over coastal waters between the Port of Metro Vancouver and Texada Island;

AND WHEREAS there is currently no mechanism that provides oversight or ensures the implementation of mitigation measures to minimize environmental and health impacts of coal transport over coastal waters;

THEREFORE BE IT RESOLVED that a comprehensive environmental and health impact assessment for the shipment of coal over coastal waters between Port Metro Vancouver and Texada Island be conducted;

AND BE IT FURTHER RESOLVED that an appropriate federal and/or provincial agency be named to monitor barge transfer and transport of coal over coastal waters to ensure oversight and implementation of environmental and health protection measures.

If the motion is approved by delegates, all Part 2, Section “B” Resolutions will be endorsed as a block.
