Rise of Catastrophic Risk

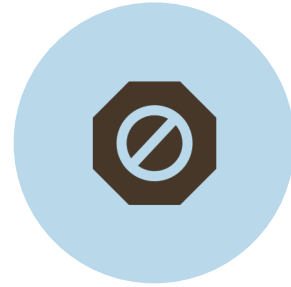

The risks

Climate change

Geography (landslides,
wildfire, flooding)

Interruption
(Lytton)

Managing the risks

- Work in groups to identify three mitigation strategies for one of the risks you have identified.

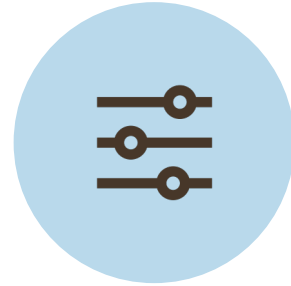

How can you prepare?

Invest in asset
management

Have a sound business
continuity plan

Explore unique
insurance options

The opportunities

- Work in groups to identify two potential opportunities with catastrophic risk.

The Importance of Policy

To Ensure Core Policy Decisions

True policy decisions
involve weighing
competing priorities

Build in a consultation
and deliberation
process

Document the decision
making process
