Thank you for making the Convention a great experience!

# 75<sup>th</sup> ANNIVERSARY COMMEMORATIVE LOGO

In honour of our 75<sup>th</sup> year, AVICC has commissioned a commemorative logo, designed by Connie Watts, artist of Nuuchahnulth, Gitksan and Kwakwaka'wakw ancestry. The logo represents how far AVICC has come since 1950, towards inclusive governance, to the benefit of all community members. We are truly grateful for the time and energy spent by AVICC members to better our communities and look forward to a long future of unified advocacy on behalf of local governments as we work together towards true reconciliation.

## ARTIST STATEMENT

*In the first meeting with the President of the Association of Vancouver Island and Coastal Communities, Penny Cote shared the organizations' goals of building and developing inclusion, implementation of the TRC, and fostering First Nations' teachings and knowledge. As we spoke, inspiration filled my mind with images of the eagle and salmon; when these two creatures prosper it is a reflection of a balanced and healthy environment.*

*As I worked with the flow of the design, the eagle and salmon imagery complemented AVICC's logo of the mountains and water. My mind opened to my mom's lessons on how everyone has their gifts, and sharing of your gifts makes our communities stronger and wiser. This open way of seeing human beings, and the celebration of perspectives and inclusion brought the rainbow symbol into the design to honour the strength and ingenuity of the 2SLGBTQ+ community.*

*As I developed the artistic logo design for the AVICC's 75th anniversary, I reminisced of the many stories I heard as I grew up. The stories of the eagle's great knowledge and strength and the lessons he had to learn of humility and respect. Our people remembering when the salmon, during spawning season, filling our rivers so much that you could walk across. All of these were the foundation of this design that represents a renewed hope of working towards true reconciliation.*

# SPEAKER GIFT DONATION

Historically, AVICC has provided gifts to our speakers to thank them for their participation in our convention. In 2022 and 2023, the AVICC Executive determined that rather than purchase gifts, that we donate to a local charitable organization that benefits the residents in our region.

This practice is being continued for 2024, and a donation will be made to The Mustard Seed Street Church, and to the Aboriginal Coalition to End Homelessness in lieu of Speakers Gifts. Please visit their websites to learn more about how these organizations benefit our communities.

The Mustard Seed Street Church has been essential in fighting hunger and restoring faith to people living in greater Victoria since 1975. Our operations include the region's largest and most accessible [Food Bank](#), the [Food Security Distribution Centre](#) that distributes over 2.4 million pounds of rescued and donated food, beverages and hygiene products via our food bank and 70+ local social support organizations. We also offer [Back-to-School](#) and [Christmas supports](#) for families, [Hospitality programs](#), services at [Hope Farm Healing Centre](#) near Duncan, and [Church services](#). Scan their QR code to make a personal donation to support the work they do.

The [Aboriginal Coalition to End Homelessness Society](#) (ACEHS) is a non-profit and registered charitable organization whose sole focus is to support Indigenous peoples experiencing homelessness. The work of the ACEHS is centered on the voices of Aboriginal peoples who have shared their immediate needs, lived experiences, and perspectives on solutions. Through building partnerships locally and island-wide, the ACEHS works to identify and address systemic and structural barriers, share information, resources, and lessons learned, while also providing cultural supports, connections, and housing stability. The role of the ACEHS is critical because there is not another Indigenous led organization on Vancouver Island that has ending Indigenous homelessness as its sole focus. The ACEHS has a vision to lead long-term systemic change to better meet the needs of our people living away from home and experiencing homelessness.

Our way is to care for all our people, from the youngest to the oldest. We are all one. Some of our people living away from home are suffering, isolated, and homeless. We stand together to end homelessness.

Visit <https://acehsociety.com/donate/> to donate.

To thrive, our local democracies depend on our ability to revive the art of living and working well together.

# FRIDAY PRE-CONVENTION WORKSHOP

## **Housing, Housing, HOUSING!**

**Friday, 9:00am**

**Cost: \$30**

The housing crisis in BC is urgent and demands substantive actions. Local governments across the Province are taking concrete steps to address the crisis and are collaborating for meaningful, focused partnerships with other levels of government, and public and private sector organizations to increase the housing supply in BC. This session, moderated by City of Duncan Mayor Michelle Staples and City of Courtenay Mayor Bob Wells, will cover a variety of housing related topics, highlighting the challenges and successes when addressing this crisis for all BC residents. The conversation will include insights for all local governments, from small, remote, rural and recreational communities to large urban centres, and everything in between.

The Ministry of Housing will provide an overview of the objectives and execution of the [\*Short-Term Rental Accommodations Act\*](#), with a particular focus on key considerations and implications for local governments. Lisa Helps will present an update on BC Builds from BC Housing. We will hear from Strathcona Regional District Director, Mark Vonesh, representing Area B – Cortes Island, who this year is to be the first community in BC to use the MRDT tax entirely for housing and who serves on the Strathcona RD who are in the midst of forming their own Housing Service. The Victoria Residential Builders Association (VRBA) will present the perspective of a panel of builders who will discuss the challenges and solutions for building new housing including the “missing middle” (townhomes, and small multi-family). Mayors Staples and Wells will then highlight successes to our housing and homelessness challenges as a result of deep levels of collaboration.

Join us for a solutions-based and multi-perspective discussion on how all local governments can take collaborative action to improve the housing supply in our region to the benefit of all BC residents!

# FRIDAY PLENARY SESSION

## The TRC Calls to Action: A Roadmap to Right Relationships

Friday, 4:20 pm

Relationships between Indigenous communities and local governments have never been more important. The Truth and Reconciliation Commission (TRC) Calls to Action, developed in 2015 by residential school survivors, provide a roadmap to creating right relationships between Indigenous and non-Indigenous communities – local governments have a critical role in implementing them.

Women Transforming Cities recently published a report "[The TRC Calls to Action in BC Municipalities: Progress, Barriers, and Opportunities to Accelerate Implementation](#)." In this session, one of the report authors will share key findings from this research. Panelists representing legal, local government, and First Nations perspectives will share insights including success stories, lessons learned, how the TRC Calls to Action relate to UNDRIP, how local governments can implement them, and how the Calls to Action can provide a framework for navigating the complexities of Indigenous-government relations.

WTC provides accessible civic literacy training, promotes equitable community engagement, conducts research into barriers to participation, and collaborates with local governments to advance inclusive policies.*

# SATURDAY PLENARY SESSION

## **Inclusive Regional Governance: Toward Shared Decision-Making on Regional District Boards** Saturday, 7:30am

There are several successful examples of First Nations Governments participating in regional governance as part of regional district boards, but these are either pursuant to modern treaties or by special legislation outside of the *Local Government Act* (the 'Act'). The Act, other than one antiquated and unused section, narrows participation of First Nations Governments to those with treaty provisions allowing them to participate. This session will describe how this is a lost opportunity and what is being done to explore options to include First Nations Governments whose predecessors practiced sophisticated governance for thousands of years prior to and for a significant time after contact.

In March 2023, as part of the Province's Action Plan under the *Declaration of the Rights of Indigenous Peoples Act*, the Ministry of Municipal Affairs awarded 5 regional districts a grant to engage with First Nations to explore how to enable First Nations to join regional boards as voting members, outside the treaty process. The intent is that these discussions will identify key themes, interests and questions that will assist in the development of legislation to meet the varied needs of First Nations and regional governments. This panel discussion will explore the background of the inclusive regional governance initiative in B.C., discuss progress made so far, and envision opportunities for better governance models in the future.

### **PRESENTERS:**

**John Alan Jack** has served as Chair of the Alberni-Clayoquot Regional District (ACRD) since 2016 and is the elected Chief Councillor for the Huu-ay-aht First Nations (HFN). Chair Jack was first elected to the HFN in 2009 and was re-elected in 2011 shortly after the effective date of the Treaty.

**Douglas Holmes** joined the Regional District of Nanaimo as CAO in 2021. He started in local government in 1995 and has served both 'RDs' and Municipalities. He has participated on several panels and working groups, including in relation to amendments in legislation and inclusive governance. Mr. Holmes is a CPA and has a business degree from SFU. He currently serves as Vice President on the Board of the Local Government Management Association of BC.

**Carolyn Kamper** was appointed Assistant Deputy Minister (ADM) of the Negotiations and Regional Operations Division in July 2023. Prior to this position, she held two different ADM roles in the Ministry of Children and Family Development: ADM, Strategic Integration, Policy and Legislation Division (2020 to 2023) and ADM of the Strategic Priorities division (2017 to 2020). Carolyn has worked in both the private and public sectors. During her 20-plus year career with the BC Public Service, Carolyn provided leadership on several large transformational initiatives across the social, health and resource sectors.

**Brent Mueller**, Director, Ministry of Municipal Affairs, was born, and has been fortunate to have lived, worked, and played on various traditional territories, in British Columbia. This year marks over 30-years working for the Province in areas including regional planning, intergovernmental relations, rural community development, dispute resolution, climate change and for the last several years Local Government-First Nation relations. He has a BA from SFU and an MA from UVIC both in political science. # SATURDAY CONCURRENT WORKSHOPS

## **Open and Closed Meetings – Why Should You Care?**

**Saturday, 1:30 pm – Colwood Room**

The most important and powerful duties and functions of a local government must be performed and exercised by its council or board, and an act or proceeding of the council or board is not valid unless it is authorized or adopted by a resolution or bylaw at a meeting. For these reasons, understanding what constitutes a meeting, whether a meeting must be open or closed, what may transpire at a meeting, and where and when the meeting can be held, are extremely important.

This session will explore these rules, which apply to municipalities, regional districts and the Islands Trust, as well as committees, commissions, boards of variance, parcel tax roll review panels, and other bodies set out in local government legislation.

### **PRESENTER**

**Joseph Scafe**, Partner, Young Anderson Barristers & Solicitors

.....

## **First Nation Property Taxation & Assessment**

**Saturday, 1:30 pm – Sidney Room**

For the last forty-five years, First Nations in Canada have been developing property tax jurisdiction on their lands, and has witnessed remarkable growth in the past three decades.

This growth has been coupled by increased commercial and residential development, especially in urban areas where there is often a shortage of developable land. Development and tax jurisdiction provides a significant economic and fiscal benefit for First Nation communities and adjacent jurisdictions. The growth in First Nation property taxation is largely attributable to the work of First Nations leadership that are leading the way in expanding jurisdiction, the First Nations Tax Commission (FNTC), which has provided leadership and regulatory support, and the involvement of key regional assessment service providers such as BC Assessment.

This joint presentation between BC Assessment and the FNTC is designed to provide information on real estate development occurring on First Nation Land and the regulatory frameworks that support First Nation taxation. Special focus will be provided on the BC experience which has over 100 taxing First Nations.

### **PRESENTERS**

## **Building Wildfire Resiliency in Coastal Communities**

**Saturday, 1:30 pm – Carson Hall B/C**

British Columbia is experiencing a serious and sustained increase in extreme wildfire behaviour and fire events particularly in the wildland-urban interface. More human activity and development is taking place in or near forests, creating greater consequences for the socioeconomic health and safety of citizens and visitors. At the same time, the impacts of climate change are increasing, fire size and severity are increasing, and fire seasons are becoming longer.

Prevention is more than stopping new, human-caused fires. FireSmart is based on the premise of shared responsibility and on promoting the integration and collaboration of wildfire prevention and mitigation efforts. All partners and stakeholders have a role to play.

This session will provide an overview of the resources and information available to governments, First Nations, businesses, and individuals to help prepare communities for the potential of wildland-urban interface fire.

## **Oceans, Oceans, Oceans!**

**Saturday, 3:00 – 4:30 pm – Colwood Room**

With so many British Columbians living in coastal communities, there is a lot at stake in protecting our oceans and coasts. We rely on our oceans for food, jobs, clean air and much more. Our stewardship of this important natural resource is part of our social fabric and is woven into the vast history of maritime and Indigenous traditions. This session will highlight some of the organizations working tirelessly to provide us with resources and solutions to help keep our oceans sustainable into the future.

Transport Canada's Oceans Protection Plan (OPP) is a national, whole-of-government plan to protect our oceans and coastlines. The session will first provide an overview of the Renewed Oceans Protection Plan including the Salish Sea Strategy. It will then explore in more detail actions to address wrecked, abandoned, or hazardous vessels on the coast, including the *Wrecked, Abandoned or Hazardous Vessels Act*.

The Pacific Salmon Foundation (PSF) / University of British Columbia's Strait of Georgia Data Centre collates and visualizes nearshore and marine data. For coastal municipalities, this means greater access to important information for decision making. This clinic will spotlight the Marine Reference Guide (MRG), an interactive data visualization tool, as well as data from the Resilient Coasts for Salmon project that will show the extent of coastal modification across the east coast of Vancouver Island. Join us to explore the MRG's many layers of ecological, anthropogenic, and oceanographic data, and how these data can inform our interactions with the sea.

The BC Seafood Alliance will share information about the Northern Shelf Bioregion Network Action Plan (NSB NAP) that was endorsed by the Minister of Fisheries in February 2023. The NSB stretches from Campbell River to the Alaska Border. The current NSB Plan will have severe social and economic impacts on coastal communities that may be irreversible. This session aims to highlight the issue and the solutions the sector is proposing to ensure vibrant and sustainable coastal economies for generations to come.

## **Vancouver Island Circular Economy: Turning Goals into Action** **Saturday, 3:00 – 4:30 pm – Carson Hall B/C**

The [Circular Economy Accelerator Program](#) concluded its pilot program in the summer of 2023 spurring the transition to a sustainable, resilient economy and positioning Vancouver Island and Sunshine Coast as leaders in the circular economy. The program – the first of its kind in Canada – was designed to support businesses who seek to adopt circular economy principles, reduce waste and emissions, and develop innovative practices while increasing revenue and reducing operational costs.

The program was delivered by the Vancouver Island Coast Economic Developers Association (VICEDA) in partnership with the Synergy Foundation with support from Island Coastal Economic Trust and VICEDA regional partners, including the City of Campbell River, City of Nanaimo, Cowichan Valley Regional District, Gabriola Island Chamber of Commerce, Municipality of North Cowichan, City of Port Alberni, and Sunshine Coast Regional Economic Development Organization.

A panel discussion will provide highlights from pilot, share the perspective of local government economic development officers, the private sector and non-profit partners, as well as highlighting the cumulative reductions in waste and emissions.
