Dear Minister Sunner,

The Association of Vancouver Island and Coastal Communities (AVICC) is the Union of BC Municipalities (UBCM) area association representing the interests of local governments and member First Nations in the British Columbia region of Vancouver Island, qathet, the Sunshine Coast, Central Coast and North Coast.

Following consideration at the 2026 AVICC Annual Convention, AVICC members endorsed three resolutions related to post-secondary affordability that pertain to your Ministry. The resolutions and supporting background information are included for your review and consideration:

- **Resolution 2026-R37 – Student Food Security Grant**
- **Resolution 2026-R38 – Post-Secondary Affordability**
- **Resolution 2026-R40 – Student Ferry Fares**

Collectively, these resolutions recognize the significant financial pressures facing post-secondary students across British Columbia, including rising food costs, housing affordability challenges, transportation expenses, and barriers to accessing opportunities that contribute to academic success and workforce development.

The resolutions call on the Province to establish a Student Food Security Grant to support campus food banks, implement the recommendations contained within the Student Issues Backgrounder 2025, and work with BC Ferries to pilot a reduced-fare program for post-secondary students during off-peak travel periods on the major ferry routes. These measures are intended to improve affordability, food security, mobility, and overall student well-being.

Students are our communities' future workforce, community leaders, professionals, entrepreneurs, and elected officials of our communities. AVICC believes it is important that

Representing Local Government on Vancouver Island, qathet, Sunshine, North and Central Coasts

students have a voice in conversations affecting their future and that their perspectives be reflected in discussions taking place at the local government table. AVICC members believe that improving affordability and accessibility for post-secondary students is an investment in British Columbia's future workforce, economic competitiveness, and community well-being.

We respectfully request your consideration of these resolutions and any information you can provide regarding provincial initiatives that support post-secondary affordability and student success.

If you have any questions, or require additional information, please contact Theresa Dennison, AVICC Executive Director, at 236-237-1202 or tdennison@avicc.ca.

Sincerely,

Vanessa Craig
